

# LOCAL VOICE

Today's businesses balance an array of complex issues. That's why Deltacom makes it our priority to simplify your communications. We offer integrated voice service packages to serve all of your locations across the Southeast. Our expanded calling areas can significantly reduce IntraLATA local toll charges for our customers. Further, we provide customers with efficient support that includes a single contract, single point of contact and single invoice for voice services spanning the Southeast.

Deltacom's Local PRIs and Lines deliver full service local, local toll and 911 services. Our Comprehensive service packages include a full range of features, operator assistance, directory listings and options for equipment. Local service packages also provide options to integrate long distance, data and Internet services over the same access facility.

**DELTACOM'S EXTENSIVE SOUTHEAST REACH ENABLES SIMPLE, SINGLE PROVIDER COMMUNICATIONS SOLUTIONS, CUSTOMIZED TO MEET YOUR UNIQUE BUSINESS NEEDS.**
